[Verse 1]

G **B**
So, you're on the prowl wondering whether
C
She left already or not
Am **D**
Leather jacket, collar popped like Cantona
G
Never knowing when to stop

G **B**
Sunglasses indoors, par for the course
C
Lights in the floors and sweat on the walls
Am **D** **G**
Cages and poles

[Verse 2]

G **B**
Call off the search for your soul
C
Or put it on hold again
Am
She's having a sly indoor smoke
D **G**
And she calls the folks who run this her oldest friends

G **B**
Sipping a drink and laughing at imaginary jokes
C **Am**
As all the signals are sent, her eyes invite you to approach
