[Verse]

```

      A      Cadd2
In my eyes, indisposed

      G      F#
in disguise as no one knows

      F      E5
hides the face, lies the snake

      A      G      F#
the sun in my disgrace

      A      Cadd2
Boiling heat, summer stench

      G      F#
beneath the black the sky looks dead

      F      E5
call my name through the cream

      A      G      F#
and I'll hear you, scream again

```

[Chorus]

```

      F      E
Black hole sun, won't you come

      A      G      C
wash away the rain

      F      E
Black hole sun, won't you come

```
