

Its Not chords by Aimee Mann

CHORDS

ADMINS PLEASE NOTE: this is a completely different song from "It's Not Safe", which I already submitted and you accepted. This song appeared on another album, totally different lyrics, totally different music. They just have similar titles, nothing else.

It's Not/Aimee Mann

capo up 2 frets

C **Am** **Em**
 I keep going round and round on the same old circuit
 A wire travels underground to a vacant lot
F **Em** **Am**
 When something I can't see interrupts the current
F **G** **Am** **Asus4** **Am**
 And shrinks the picture down to a tiny dot
F **Em7** **Am** **Am7**
 And from behind the screen it can look so perfect
F **C** **G/B**
 But it's not
C **Am** **Em**
 So here I'm sitting in my car at the same old stop light
 I keep waiting for a change but I don't know what
F **Em** **Am**
 So red turns into green turning into yellow
F **G** **Asus4** **Am**
 But I'm just frozen here in the same old spot
F **Em7** **Am** **Am7**
 And all I have to do is to press the pedal
F **C** **G/B**
 But I'm not
Am **F** **Cmaj7** **E7**
 But I'm not

C **Am** **Em**
So baby kiss me like a drug, like a respirator
and let me fall into the dream of the astronaut
F **Em7** **Asus4 Am7**
For I'll get lost in space that goes on forever
F **G** **Asus4 Am7**
And you'll make all the rest just an afterthought
F **Em7** **Asus4 Am7**
And I'll believe it's you who could make it better
F C G/B
Though it's not
Am F C Em
No it's not
Am F C
No it's not
