LET IT BE (The Beatles)

Paroles & musique : Paul McCartney, John Lennon

```
C
When I find myself in times of trouble
       G F
Mother Mary comes to me
                                  F | C/E /
Speaking words of wisdom, let it be.
And in my hour of darkness
Am G
She is standing right in front of me
                                  F C/E
                 G
Speaking words of wisdom, let it be.
Let it be, let it be, let it be.
               G
                                F C/E
                                              Dm7
Whisper words of wisdom, let it be.
And when the broken hearted people
Am G F
Living in the world agree,
                G
                                 F C/E
                                                Dm7
                                                        C
There will be an answer, let it be.
For though they may be parted there is
Still a chance that they will see
                                   C/E
                                                Dm7
There will be an answer, let it be.
                              F
       Am
Let it be, let it be, let it be, let it be.
                                                        C
                 G
                                 F C/E
                                                Dm7
There will be an answer, let it be.
And when the night is cloudy,
There is still a light that shines on me,
                                                        C
                 G
                                 F | C/E
                                                Dm7
Shine on until tomorrow, let it be.
                 G
I wake up to the sound of music
     G
Mother Mary comes to me
                                  F | C/E
Speaking words of wisdom, let it be.
